

AIExpressionArt Professional AI Artist & Prompt Engineer

Professional Summary Passionate and experienced AI Digital Creator specializing in prompt engineering and ready-to-print merchandise design. Adept at transforming concepts into high-quality visual art, with a strong focus on Dark Fantasy and Heavy Metal aesthetics. Proven experience in managing Print-on-Demand workflows, from initial prompt generation to final post-processing and digital marketing.

Experience

AI Artist & Merchandise Designer | Zazzle & Independent Projects • Conceptualize and generate highly detailed AI artwork tailored for apparel, T-shirts, and poster prints. • Specialize in intricate Dark Fantasy (e.g., skulls, ravens) and Heavy Metal thematic designs. • Perform professional post-processing, including precise background removal to create ready-to-print files for clients. • Formulate and execute organic marketing strategies using Pinterest to drive traffic and product visibility.

Prompt Engineer | PromptBase • Develop, refine, and optimize complex prompts for AI image generation. • Monetize effective prompts by providing reliable, high-quality, and consistent artistic outputs for buyers. • Maintain a deep understanding of AI art parameters to create specific, targeted visual solutions (including concepts for thumbnails and digital media).

Core Skills • Advanced Prompt Engineering • AI Art Generation • Print-on-Demand (POD) Design Optimization • Image Post-Processing & Background Removal • T-Shirt & Merchandise Design • Poster & YouTube Thumbnail Design • Pinterest Marketing • Midjourney Expert • Google Gemini AI Prompting
